Professional Summary

I am currently pursuing Bachelor of Technology in Electronics and communication Engineering from Abes Engineering College, located in Ghaziabad, I have completed my secondary as well as higher secondary from Sant Atulanand Convent School, Varanasi.

I'm passionate about designing and have started implementing it by learning Front.end.Development.I love to communicate with people around and explore new things,

I believe that someday can change the world by my creativity and make it a better place to live on.
